FULL STACK WEB AND MOBILE SOFTWARE ENGINEER

Date: October 18, 2022

Ferguson Digital, with offices in Fort Wayne and Indianapolis, is a custom digital development shop that is growing as fast as technology is changing.

From websites, mobile apps and e-commerce to enterprise software, data management and data visualization tools—we build anything our clients dream up.

We are looking for an experienced Full Stack Web and Mobile Software Engineer who loves challenges and coding as much as we do.

Job Responsibilities:
- Develop advanced front-end and back-end functionality for web and mobile applications.
- Scope and estimate client's digital projects including performing appropriate discovery to do so.
- Work with designers, content specialists, developers, software engineers and account service to manage and execute digital projects and ensure they are on strategy.
- Research, recommend, and attend ongoing training opportunities to bring continuous improvement to the services we provide.
- Collaborating with other developers, software engineers and digital staff to continue to share knowledge and best practices among the group.
- Provide Testing and Code Review for other developers and software engineers.

Required Development Experience:
- Bachelor's degree in Computer Science, Information Systems or similar.
- At least 5 years of experience
- Experience with:
  - JavaScript/Node/Vue
  - HTML5/CSS3/SASS
  - Bash Shell
  - SQL
  - REST/JSON API
- Familiar with Git/Github & Docker

Additional Desired Experience and/or Certifications:
- Advanced WordPress Development and integration

- Web Frameworks/Libraries: PHP/Angular/React/Ionic/jQuery/Bootstrap/Bulma, etc.
- Cordova/Capacitor experience
- Mobile App Development Experience
- Applied SEO Experience
- Google Analytics and Developer Certifications
- ADA, PCI, and HIPAA training and/or Certifications
- Scripting in Python or Perl
- VSCode

So if you:
- Love a challenge and take pride in solving things in novel ways…
- Can architect a solution from idea to final implementation…
- Like variety and don't want to work on the same thing month after month
- Love to dive into new things: learn new technologies, fix things you've never seen before
- Enjoy working with a team of smart, creative people to share secrets and ideas and help everyone get better.
- Take ownership of your projects

   Then Ferguson Digital is for you.

If this sounds like the right fit for you, email us your resume, cover letter and any compensation or other job requirements today to digitalhr@fai2.com.

About Ferguson Digital
Ferguson is one of the largest, fastest-growing full-service advertising agencies in Indiana. We've achieved this by taking care of our clients, taking care of our people, doing good work and having fun.

We offer competitive compensation and benefits packages with a casual and flexible work environment - including work from home options - because we take business seriously, but we don't take ourselves too seriously.
